

**Sexual and Reproductive Health
Physiotherapist- Endometriosis and Pelvic Pain Clinic
15.2 hours per fortnight (0.2 FTE)
Fixed Term to 30 June 2026**

The Position

The sexual and reproductive health team provide an integrated community based multi-disciplinary health service which includes a strong focus on women's and men's sexual and reproductive health. They also demonstrate a strong focus on health promotion and the social model of health and a commitment to equity and access.

This position will provide pelvic health therapy within the Bendigo Community Health Services (BCHS) pelvic pain and endometriosis clinic. Responsibilities include but are not limited to; coordination of care within the pelvic pain and endometriosis clinic, providing techniques, exercise programs, and education to empower women in managing their pelvic pain and/or endometriosis. Collaboration with our sexual and reproductive health team and other healthcare professionals, including gynaecologists and psychologists is an important part of the role, ensuring holistic care and optimised treatment outcomes.

About Bendigo Community Health Services

BCHS has cared for the health and wellbeing of the Bendigo community for 50 years. We employ more than 280 people across a broad range of services.

The success of BCHS starts with our staff, who have a high level of professionalism and dedication, allowing us to deliver quality services for the community, with a particular focus on vulnerable people.

Added benefits of working with BCHS include:

- Salary packaging
- Purchasing leave
- Study assistance
- Training programs
- Novated leasing

To successfully apply for this position, you will need:
